Hence, it is requested for the provision of hostel for the scholars within the campus.

RESOLVED TO DROP this agenda as it is not pertaining to this Committee
Recommendations of Academic Council

The members of the Academic Council recommended the following items based on the deliberations

1. PG Project Work
   i. The students shall be given an option to carry out the Project Work II either in their own institution or in another academic institution of repute/ research organization / industry.
      - If the student is opting to carry out the Project Work II in their own institution, the Project Work II shall be a continuation of Project Work I.
      - If the student is opting to carry out the Project Work II in another academic institution of repute/ research organization / industry, then the Project Work I has to be completed as an Individual Project work, in order to proceed to Project Work II in an Industry. The student shall be given time up to Review II during his Project Work I, to decide whether he/she is opting for continuing the work in the same institution or do a separate project work in another academic institution of repute / research organization / industry.
   ii. Corresponding Specific changes are made to M.Arch. Regulations and Curriculum as applicable and appropriate. Nomenclature of course is changed with “Thesis Phase I: Research” being retitled as “Dissertation” and “Thesis Phase II: Project” being retitled as “Thesis Project”.
   iii. Corresponding Specific changes are made to M.B.A. Regulations as applicable and appropriate.

2. Academic Audit

“Every educational institution shall strive for a better performance of the students by conducting the internal assessments as mentioned in Clause 12. In order to ensure the above, Academic Audit is to be done for every course taught during the semester. For the internal assessments conducted for each course as per details provided in Clause 12, the academic records shall be maintained in the form of documentation for the individual assignments / case study report / report of mini project submitted by each student and assessment test question paper and answer script. Report of industrial training / internship shall also be maintained, if applicable. For laboratory courses students’ record shall be maintained. Further, the bio-metric attendance of all students shall be maintained as a record”.

31
The members decided to remove the biometric attendance of all the students to be maintained as a record as it will not be feasible for a huge number of students in a short duration of time on a daily basis. Instead the manual attendance record would suffice to meet the requirements.

3. **Internal Assessment Evaluation**

   In connection with the UG / PG programmes, the Academic council has decided the following weightage for internal assessment evaluation and end semester evaluation:

   - **Theory Courses**: 40% Internal + 60% External
   - **Laboratory Courses**: 60% Internal + 40% External
   - **Theory cum Laboratory Courses**: 50% Internal + 50% External

   Corresponding Specific Changes are made to B.Arch./ M.Arch. /M.B.A. Regulations as applicable and appropriate.

   The Academic Council also recommended to follow the same evaluation procedure uniformly for Autonomous, Non-Autonomous colleges affiliated to Anna University and University Departments for the students who join from Academic year 2021 – 2022 onwards.

4. **Passing Requirement and Awarding of Letter Grades**

   The items proposed to the Academic Council: With regard to passing requirement of UG / PG programmes, “A student who secures not less than 50% of total marks prescribed for the course [Internal Assessment + End semester University Examinations] with a minimum of 45% of the marks prescribed for the end-semester University Examination, shall be declared to have passed the course and acquired the relevant number of credits. This is applicable for both theory and practical courses (including project work).”

   Corresponding Specific Changes are made to B.Arch./ M.Arch. /M.B.A. Regulations as applicable and appropriate.

   In addition to the above existing clause the following has been recommended:

   Further, for those students who secure pass mark as mentioned above, an expert committee shall be constituted by the Vice-Chancellor to formulate a mechanism for deciding the award of letter grades using relative grading principle.

   The recommendations of the expert committee shall be included in the Regulations.
5. **Reconstitution of the Syllabus Sub Committee and Board of Studies**

   The Curriculum and Syllabus for all the UG Programmes from Semester III up to Final Semester of the Non Autonomous Colleges affiliated to Anna University have to be framed under R-2021 as per the recommendation of the Academic Council to bridge the gap between academics and industry. In this regard, the members of the Academic Council have decided to reconstitute the Syllabus Sub Committee and Board of Studies with a revised structure as constituted by the Vice-Chancellor.

6. **Submission of Answer Scripts for Online Examinations**

   As directed by the Syndicate in its 262nd meeting held on 19.05.2021, the end semester examinations of November/December 2020 (Re-exam) and April/May 2021 for all the UG and PG Programmes were conducted in Online Mode. The students were permitted to upload the answer scripts within 60 minutes after the scheduled completion time of the examinations. Representations had been received from students that they were unable to upload the answer scripts within the stipulated time, due to power failure, network issues etc. Hence, the Academic council has recommended to extend the time for uploading the answer scripts as given below.

   - Forenoon session – Answer Scripts uploaded till 3.30pm of the same day, shall be considered.
   - Afternoon session – Answer Scripts uploaded till 8.30pm of the same day, shall be considered.

   The above provisions shall be extended for the Examinations conducted for Distance Education and for the 2nd semester Post-Graduate Programmes.

   In special cases an appropriate decision can be made through constituting a Committee by Anna University inclusive of the Principal/ Dean of Colleges.

7. **Mathematics Course**

   The Academic council has decided to offer a common Mathematics course “Statistics and Numerical Methods” in Semester II instead of the proposed Mathematics courses prescribed in the curriculum of Undergraduate Programmes (except B. Arch.) to be offered in the Non-Autonomous Colleges affiliated to Anna University under Regulations 2021.
8. Age Limit for Supervisor Recognition
The following decisions were made for the supervisor recognition for research guidance:
The Research Supervisor shall be permitted to take students for research guidance up to the age limit as given below:
- Government and University Departments: 58 years
- Affiliated Colleges: 63 years

9. Experience Certificate
The members recommended that the Centre for Research shall permit the Staff Members from Government / Government aided educational institutions to submit their applications for joining their PhD programmes even without experience certificate, provided the applications are forwarded through the Head of the Institution / Principal. In such cases provisional registration shall be provided and the same shall be confirmed upon the experience certificate produced by the staff before the registration confirmation of the scholar by the Centre for Research.
