| 5.2.3 | A student shall register for Practical Training in the VIII semester only and Thesis in the X semester only.

| 11.4 | **INTERNAL ASSESSMENT FOR PRACTICAL TRAINING**

Every student shall in the VIII Semester undergo Practical Training in the office of an architect or an organisation operating in an allied field of practice or research, duly approved by the institution, under mentorship of an architect having experience of at least 5 years. Training in Foreign Country shall be done under the Registered Architect of that Country and to be approved and monitored by the Head of the Institution. Practical Training shall commence on the reopening day of the semester and conclude on the last working day of that semester as per the academic schedule of the University.

Ideally every student is required to undertake the entire duration of Practical Training in the VIII semester in a single architectural office. However, under unforeseen circumstances, if the student wishes to change his/her place of Practical Training, the student shall be allowed to do so only once provided the student satisfies a minimum of 30 days Practical Training in one of the offices. Three assessments each carrying 100 marks shall be made during the semester by the mentoring architect of the office. Each assessment shall incorporate continuous marking of the regular work and performance in the office during the particular assessment period. The assessments will be collected and compiled by a Practical Training Coordinator (who will be an internal faculty member) for a batch of 40. The total marks obtained in the three assessments put together out of 300, shall be proportionately reduced for 50 marks and rounded to the nearest integer (This also implies equal weightage to all three assessments).
